FOREWORD

Quality service is what we strive for. All bulbs shipped to our customers, are of the best quality.

We have been serving the trade now, for thirty eight years, and believe that our success is due to the extra care that we give our bulbs in the way of proper storing, curing and handling of our stock.

Every bulb shipped, is carefully inspected, and all orders are packed for shipment with the utmost care.

We will be glad, at any time, to give any advice that we can, on your "glad" problems.
